"Our Rates & Service Charges" explains current terms, rates and service charges applicable to the share savings, checking and certificate accounts we offer. We may offer other rates and require other service charges or amend the rates and service charges, as explained in this disclosure, from time to time. Each owner on an account agrees to the terms described in this disclosure and acknowledges that it is a part of the Member Service Agreement (MSA).

* First Rate Checking accounts must meet the following account qualifications to earn the qualifying dividend rate and APY and to be eligible for applicable rewards:

- 1) A minimum of 25 debit card purchases post to the account;
- 2) You have at least one direct deposit or one ACH debit/credit post during the cycle; and
- 3) You receive monthly e-Statements for the account.

If qualifications are met each calendar month, balances up to \$25,000 earn 3.51% APY and balances over \$25,000 earn 0.10% APY on the portion of the balance over \$25,000, resulting in 3.51% - 0.77% APY (assumes account balance is \$125,000) depending on the balance. If qualifications are not met, all balances earn 0.10% APY.

** Cashback Checking accounts must meet the following account qualifications to earn the qualifying reward:

- 1) A minimum of 30 debit card purchases post to the account;
- 2) You have at least one direct deposit or one ACH debit/credit post during the cycle; and
- 3) You receive monthly e-Statements for the account.

If qualifications are met each calendar month, you may earn up to 1% cash back on your debit card purchases each month (up to a maximum reward of \$10 per month).

Explanation of Rates & Service Charges

As explained in the MSA, "Our Rates & Service Charges" applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Board of Directors.

The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

First Rate Checking accounts are tiered rate accounts. If the account qualifications (as set forth below) for any monthly qualification cycle are not met, the non-qualifying rate will apply to the balance in the account for that cycle. If qualifications are met for a qualification cycle, the applicable qualifying rate will apply to the balance in the account for that cycle. The Dividend Rate specified for a tier will apply only to the portion of the account balance that is within that tier. The range of annual percentage yield(s) (which vary depending on the balance in the account) are shown for each tier.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends will be compounded and credited as identified above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you terminate the account before accrued dividends are credited, accrued dividends will be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all accounts, dividends are calculated using the Daily Balance method, which applies a daily periodic rate to the balance in the account each day.

6. Account Limitations

For all Money Management Accounts, you may not make more than six (6) covered *transactions* per month. Covered *transactions* include your checks, transfers initiated through online banking or mobile banking, ACH transfers, merchant point of sale *transactions*, preauthorized or automatic transfers, and overdraft protection transfers. Transfers to pay a loan with us are not covered by this limit. The date we use to determine the number of *transactions* is the date a *transaction* is posted to (actually credited to or debited from) an account, rather than the date you initiate

the *transaction*. If you exceed this limit, we may refuse or reverse the *transaction*, and we may impose a charge as specified in the listing of service charges provided below. If you repeatedly exceed this limit, we may terminate the account. For a Christmas Club account, the entire balance will be transferred to your share savings account with us by November 10th and the account will remain open. For a Vacation Club account, the entire balance will be transferred to your share savings account with us by May 10th and the account will remain open. If any withdrawal is made from this account before the end of the club term, then the account will be terminated and we will pay you the full balance. You may make transfers or withdrawals in the first seven (7) days the account is open without restriction.

7. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate account, except for First Star Certificates. Members under 18 years of age may open a First Star Certificate and may make additional deposits after the account is opened up to a maximum account principal balance of \$2,500.00.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate account before the maturity date. You are allowed to withdraw dividends earned before maturity without penalty.

1) Amount of Penalty. The amount of the penalty depends on the term of the certificate account. For accounts of one year or less, the penalty is equal to 90 days' dividends on the amount withdrawn. For accounts of greater than one year but less than 36 months, the penalty is equal to 180 days' dividends on the amount withdrawn. For accounts of 36 months or more, the penalty is equal to 365 days' dividends on the amount withdrawn.

2) How the Penalty Works. The penalty is calculated as a forfeiture of dividends earned or to be earned. If earned dividends are insufficient to cover the penalty, or have previously been withdrawn, the penalty will be deducted from the principal.

3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an owner on an account dies or is determined legally incompetent by a court or other body of competent jurisdiction. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment or where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals. As an added benefit, when an account is an IRA and the IRA owner is over the age of 59 ½, the Credit Union will allow the owner to make a change in term and rate of the IRA investments once per account number during a 365-day period without incurring a penalty for early withdrawal.

d. Renewal Policy

Certificate Accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten (10) days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account

may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

8. First Rate Checking Account Features

There is a limit of one First Rate Checking account per member. No commercial accounts may participate in this program. The following features are unique to First Rate Checking accounts.

a. Account Qualifications.

In order to earn the Qualifying Rate for the dividend period specified in the schedule above and to qualify for additional benefits as described herein, you must perform the following each calendar month (statement cycle): 1) a minimum of 25 debit card purchases post to the account; 2) you receive at least one direct deposit or one ACH debit/credit during the cycle; and 3) you receive monthly e-Statements for the account. Please note that the purchases MUST actually post to the account during the monthly qualification cycle. We post purchases to the account when we receive them from the merchants and that may occur one or more days after the purchase date. Purchases that have been initiated but not posted as of the end of the cycle will not count as a qualifying transaction for that cycle (but will count in the following cycle when they post). The first qualification cycle will begin on the date you open or convert to a First Rate Checking account and end on the last day of that calendar month. The qualification cycle will be each calendar month thereafter.

b. Additional Benefits.

If you meet all three eligibility requirements for the calendar month listed above, we will refund domestic ATM service charges up to \$25.00 per statement cycle. If you close the account before the end of the statement cycle, you will forfeit any ATM service charge refunds.

9. Cashback Checking Account Features

No commercial accounts may participate in this program. The following features are unique to Cashback Checking accounts.

a. Account Qualifications.

In order to earn the 1% cash back reward on your debit card purchases each month (up to a maximum reward of \$10.00 per month), you must perform the following each calendar month (statement cycle): 1) a minimum of 30 debit card purchases post to the account; 2) you receive at least one direct deposit or one ACH debit/credit during the cycle; and 3) you receive monthly e-Statements for the account. Please note that the purchases MUST actually post to the account during the monthly qualification cycle. We post purchases to the account when we receive them from the merchants and that may occur one or more days after the purchase date. Purchases that have been initiated but not posted as of the end of the cycle will not count as a qualifying transaction for that cycle (but will count in the following cycle when they post). The first qualification cycle will begin on the date you open or convert to a Cashback Checking account and end on the last day of that calendar month. The qualification cycle will be each calendar month thereafter. The cash back reward will be posted at the end of the statement cycle. If you terminate the Cashback Checking account before the end of the statement cycle, you will forfeit any cashback reward earned for the month.

10. Youth Account Features

Youth Savings accounts are available for members under 18 years of age. When you reach 18 years of age, the Youth Savings account will be converted to a regular share savings account.
